

BUTT STOP !

Do the Butt Stop ! Yeah....

Introducing Butt Stop! Cigarette Litter Control Bin, the most superior Cigarette Litter Bin on the Australasian Market. Butt Stop! can be mounted in parks and gardens, near outdoor seating areas, or virtually any designated smoking area.

Any successful waste product 'controls what goes into it!' Butt Stop 'three-eye' with rain lip system allows the smoker to dispose of butts easily, but the smoker cannot toss flammable non-cigarette rubbish into the receptacle. Butt Stop Bins are designed specifically to be placed near normal refuse bins, but will only accept cigarette litter.

The Butt Stop! Butt Disposal System has the following qualities

- Made from durable Stainless Steel
- Simple 'Trap Door' Emptying panel & key
- No area on the bin for papers or wrappers to be discarded
- All units come with wall mount brackets, screws, and dyna bolts
- Free Standing Pole Stands available
- Can be mounted onto existing outdoor bin surrounds
- Suitable for areas where smokers congregate
- Available in standard and small size.
